

INT-KLCD-W

LCD KEYPAD

The **INT-KLCD** keypad is intended for daily operation of the **INTEGRA** systems. With the display showing text messages, even advanced functionalities of the alarm control unit are simple and convenient.

The keypad is available in two versions differing in the color of the keyboard and display backlight: white (**INT-KLCD-W**) or blue (**INT-KLCD-BL**).

- buttons and display backlight
- LEDs for system state indication
- keypad hold-down PANIC, FIRE and AUX alarms
- buzzer for acoustic signalling
- two zones expansion
- panel communication loss indication
- RS-232 for supervision and management applications **GUARDX**
